# Film Production Guidelines

Welcome to the City of Los Angeles, Department of Recreation and Parks. In our partnership to protect the environmental integrity of our parks the Park Film Office is providing guidelines to ensure a safe and successful film shoot. Please review and provide copies of these guidelines to the appropriate responsible persons. Thank you for the continuous use of our parkland.

- OK to use the Merry-Go-Round for a still shoot.
- Must adhere to any restrictions or guidelines given to company by Merry-Go-Round staff.
- OK to park cars and trucks in MGR Lot 1.
- OK to park along red curb for loading and unloading of equipment.
- OK to use service road near the Merry Go Round for filming.
- Vehicles and/or heavy equipment are not allowed on turf areas unless prior approval is given by the Park Film Office.
- Production companies must provide their own restroom and trash receptacles. The City dumpsters and trash cans cannot be used so all self-generated trash has to be removed and disposed of off-site.
- Film permits do not provide exclusive use of a park or recreation area.
- Service roads, parking lot driveway access, handicap or electric vehicle designated parking stalls may not be blocked or restricted. Emergency vehicle access lanes must be maintained in parking lots and park streets at all times.
- Due to underground plastic irrigation lines and trees having shallow root systems, staking or drilling into turf, rocks, trees or asphalted areas is not permissible unless prior approval is given by the Park Film Office. This approval will be noted in the permitted guidelines.
- Locked park gates can only be accessed by a Park Film Office Monitor. Security of open gates must be provided by the permitted company. Any equipment that is permitted to stay overnight must be guarded by the permitted company's security group.
- Alterations to natural or manmade surroundings or content of the park are not permissible unless documented in these specific guidelines. The permit holder is financially responsible for all remediation should there be any damage or unauthorized alteration to Department property. The remediation and cost of will be determined by the Park Film Office.
- A Park Film Office Monitor(s) may be assigned to the permitted location. Their job is to ensure guidelines are followed, liaison between park patrons, other City employees and a communication link between Permitee and the Park Film Office for any additional needs or authorizations. When the Park Film Office is closed the Park Film Monitor has the authority and responsibility to modify these guidelines within the parameters given to them by their supervisor. The Park

NOT A PERMIT

Film Monitor has access 24/7 to contact their supervisors if needed. The Permitee will be required to adhere to the instructions, restrictions and requests given by the Park Film Monitor.

- Smoking is prohibited on all Department properties. An exception has been made for permitted film production companies to smoke in areas that are designated by the Fire Safety Officer or Park Film Monitor. If a Fire Safety Officer or Park Film Monitor is not assigned to the Permitee there will be no smoking with the exception of an actor smoking while performing or as part of the scene.
- A designated smoking area may not be near any patron activity or facility. Large buckets of sand or water must be placed in this area for disposal of tobacco or tobacco related products. The designated smoking area may be revoked or not allowed depending on weather and location conditions. Failure to comply with the smoking restrictions may result in a fine.

# FERN DELL
## Filming Guidelines

- **Company is responsible for informing all film crew members of the filming guidelines for Fern Dell.**

***DELL GARDEN:***

- Artificial light may not be used. The only exception is flash photography; no bounce boards.
- Filming allowed on walkway areas only.
- No vehicles larger than a gator/golf cart allowed in Dell area.
- No explosions.

***ALL AREAS:***

- Bolting or nailing into trees is not permitted.
- Staking may be considered at monitor discretion and no more than 6" in depth.
- **NO DRIVING ON OR ACROSS THE GRASS. NO EXCEPTIONS**
- Must provide restroom facilities during the reservation period.
- Must remove self-generated trash. Use of City dumpsters or trashcans is prohibited.
- Accidental damage to irrigation system or pre-approved changes to the landscape must be promptly restored to Park Management specifications.
- Park Management has the discrepancy of halting production activity if unexpected weather conditions in conjunction with company activity have the potential to cause damage to area.
- **PARK MAINTENANCE SUPERVISOR NEEDS TO BE CONSULTED PRIOR TO CONSIDERATION DUE TO SENSITIVITY OF AREA, AND ESPECIALLY IF THESE REQUESTS EXIST:**
    1. Introducing or placing additional plant life, soil, mulch, leaves or similar material.
    2. Activation of the waterfall.

**THANK YOU FOR HELPING US PRESERVE FERN DELL**
